

**From:** Daniel Stein  
**To:** Microsoft ATR  
**Date:** 1/23/02 9:28am  
**Subject:** Microsoft Settlement

This settlement is a bad idea. I don't understand how this will protect us consumers from a multi-billion dollar company with ubiquitous monopolistic control of the computer market. Please find a settlement that will allow competition in the Operative System market again.

Sincerely,  
-Daniel Stein
